## HENRY FORD

INVESTICE DO ROZVOJE VZDĚLÁVÁNÍ

1.) Přečti si následující text:

Henry Ford was born in 1863 .He grew up on a farm in Michigan.

On October 1,1908 the Ford Motor Company introduced the model T.It was an instant hit.The car came only in black.But it cost about half as much as other cars on the market.By 1918 ,half of all the cars in the United States were Model Ts.

Henry Ford founded the Ford Motor Company in 1903. At first ,Ford built only a few cars a day.Because demand for Model Ts was so high,Ford developer a way to make more of them without increasing cost.In 1913 ,he rolled out a moving assembly line.Workers stood in front of a conveyor belt ,and each completed one step in putting the cars together.Ford´s method of mass production revolutionized car manufacturing.It also changed life in the United States.
